COMMUNITY SERVICES
EAST BAY

Nearly 150 Years of Helping Our Community Flourish

Founded in 1877, Jewish Family & Community Services East Bay (JFCS East Bay) is one of the Bay Area's longest-serving human services organizations. For nearly 150 years, we have evolved alongside our community—responding to changing needs while remaining grounded in a commitment to dignity, compassion, justice, and connection.

Today, JFCS East Bay serves people of all ages, backgrounds, races, and religions across Alameda and Contra Costa Counties. In FY26, we supported 2,686 individuals through comprehensive services designed to help people navigate challenges, build stability, and thrive.

Four Service Areas. One Community.

Our work today is centered around four interconnected service areas:

REFUGEE SERVICES

We help newcomers and refugees build stability, independence, and a sense of belonging. Our services include case management, employment support, housing assistance, health navigation, mental health and wellness services, education, and emergency assistance.

IMMIGRATION LEGAL SERVICES

We provide free and low-cost immigration legal services to help individuals and families navigate an increasingly complex immigration system. Services include legal consultations, applications, representation, removal defense, asylum support, community education, and rapid-response assistance.

CHILDREN, YOUTH & FAMILY

We help children, young people, and families thrive through trauma-informed, culturally responsive mental health services. From early childhood through young adulthood, we work with families, schools, and community partners to strengthen well-being and build resilience.

JEWISH COMMUNITY CARE SERVICES

We support older adults, Holocaust survivors, caregivers, and other members of the Jewish community with dignity and compassion. Services include case management, home care and aging support, financial assistance, wellness and social connection, caregiver guidance, and specialized Holocaust Survivor Services.
